

# CESSATION OF COMPANIES AND LIMITED LIABILITY PARTNERSHIPS

## COURSE INTRODUCTION

The Companies Act 2016 has streamlined and modernised the methods for closing down a company. The winding up process allows for an ordered realisation of the company's assets. It can be utilised where the company is either solvent or insolvent. Striking the company off the register allows for the removal of, among others, dormant companies. The provisions on the management of assets of dissolved companies empower the Registrar to represent dissolved companies and vesting of outstanding assets with the Registrar. This course will also cover the winding up process and the striking off of Limited Liability Partnerships (LLP) provided under the Limited Liability Partnerships Act 2012.

## COURSE OBJECTIVES

Participants will learn of the improvements made to the winding up laws set out in the Companies Act 2016. The voluntary winding up process has been maintained, and is divided into the members' voluntary winding up and the creditors' voluntary winding up. There are changes in the court winding up process, starting from the statutory demand until after the winding up order is granted. Participants will also learn about the changes in the striking off provisions including the procedure and the new guidelines that have been issued. Finally, be aware on how the assets of dissolved companies are managed. At this seminar, participants will hear about the legal framework from the regulator's perspective and get insights of practice issues from the practitioner's viewpoint.

- Learn on the practical issues arising from the management of assets of dissolved companies.
