# DOING BUSINESS IN THE **AGE OF DISRUPTION**

## ABOUT THE CONFERENCE

### OBJECTIVES OF SSMNC 2018

# DOING BUSINESS IN THE **AGE OF DISRUPTION**

Running in its eighth year since 2011, SSM National Conference (SSMNC) 2018 has made its mark as a signature regulatory education and networking platform for corporate professionals to stay relevant in the ever-changing business environment. The theme for this year's SSMNC is '**Doing Business in the Age of Disruption**'.

So many changes are happening that disrupt the usual way organisations operate. Mobile devices are disrupting personal computers. Online commerce is disrupting traditional retail. Fintech is disrupting the banking industry. Big data, mobile health, light emitting diode (LED), cloud computing, mobile solutions, incorporation of robotics and artificial intelligence, Internet of Things (IoT) are just a few examples of disruptive forces across industries and technologies most likely to revolutionise businesses. Invited panelist will share and discuss on what and how they manage business in the age of disruption.

On matters closer to the boardroom, there will be discussions on innovative ways the boards do and operate in the face of today's information-rich world, how technology will reshape the role of the board, fresh perspective on disruption in governance and boardroom practice, role of the board in driving innovations and responding to risk of technology disruption. Be prepared to learn implementation of new law and procedures that will change the way you have been doing your work for the past 50 years or so.

- Keep abreast with matters that affect doing business in the age of disruption;
- Get ready for the implementation of MBRS;
- Get the update on SSM's transformation initiatives and regulatory developments;
- Get first hand understanding on the implementation of corporate rescue mechanism;
- Find out about the upcoming new legislation on 'Personal Property Securities Registration'
