

# SHARE BUYBACK

## COURSE INTRODUCTION

Share buyback or share repurchase are transactions where a public listed company can buy its own shares. The shares bought from the open market or through direct business transaction may be cancelled or kept as treasury shares for re-sale later or transferred to employees as share reward or transferred as share consideration. The Companies Act 2016 and the Bursa Malaysia Listing Requirements impose specific provisions that are to be adhered to by the public listed company before the share buyback transaction can be effected.
