CONFERENCE FACILITIES @ SSM

Introduction

Intelligent Building Features

Year 2010 marked a significant milestone for the Companies Commission of Malaysia (SSM) with the completion of its corporate headquarters located at Kuala Lumpur Sentral (KL Sentral). The ultra modern 31-storey office building is strategically located within Kuala Lumpur's transportation and transit hub. KL Sentral is the focal point for the rail transit (LRT), KTM commuters, monorail and the express rail link (ERL) to Kuala Lumpur International Airport.

Menara SSM@Sentral features various green features. They are incorporated in the design, development and operational aspect to ensure energy efficiency and sustainability of the environment.

Menara SSM@Sentral stands at a height of 131.15 metres, with a total of 31 floors comprising 24-storey office floors and a 7-storey elevated car park with a total of 345 parking lots for both the employees and visitors to SSM.

Conference Facilities at SSM

The conference facilities, which are available for public use, come well equipped with sophisticated, state of the art audio visual equipments. The modern-designed rooms are suitable for conferences, corporate meetings, product launches and corporate training with the assistance of professional service staff to meet the needs of the public.

Facility Highlights:

- a) Auditorium Tun Dr. Siti Hasmah
- b) Conference Room - Enggang Room
- c) Six (6) Training Rooms

The image is a promotional graphic for a Corporate Training Room. It features a large background image of the room, which is filled with rows of white tables and black chairs. The room has a grey patterned carpet and a ceiling with square light fixtures. In the background, there are red and green storage cabinets. Overlaid on this background are three smaller, tilted rectangular images showing different angles of the room. A semi-transparent blue banner with white text is positioned across the middle of the image. To the right of the banner, there is a list of facilities and capacity information.
