Running in its eighth year since 2011, SSM National Conference (SSMNC) 2018 has made its mark as a signature regulatory education and networking platform for corporate professionals to stay relevant in the ever changing business environment. This year SSMNC will focus on the theme of 'Doing Business in the Age of Disruption'.

So many changes are happening that disrupt the usual way organizations operate. Mobile devices are disrupting personal computers. Online commerce is disrupting traditional retail. Fintech is disrupting the banking industry. Big data, mobile health, light emitting diode (LED), cloud computing, mobile solutions, incorporation of robotics and artificial intelligence, Internet of Things (IoT) are just a few examples of disruptive forces across industries and technologies most likely to revolutionize businesses. Delegates will hear deliberations on doing business in the age of disruption.

On matters closer to the boardroom, there will be discussions on innovative ways boards do and operate in the face of today's information-rich world, how technology will reshape the role of the board, fresh perspective on disruption in governance and boardroom practice, role of the board in driving innovations and responding to risk of technology disruption. Be prepared to learn implementation of new law and procedures that will change the way you have been doing your work for the past 50 years or so.
